

May I recommend that your facility install an **Induction Hearing Loop**?

Hearing Loops:

- Broadcast sound from the PA system *wirelessly* to any hearing aid (HA) with a telecoil
- Deliver sound customized for one's own hearing
- No need for those with hearing aids to seek, wear and afterwards return special equipment

- Are cost effective and inconspicuous to use
- Reduce *your* need to purchase, maintain, sanitize, and administer individual receivers
- Portable receivers are optional for non HA users
- Accommodate one or 100+ persons at *same* time

Give persons with hearing loss equal access

For more information visit:
www.hearingloop.org

My name is _____

I use hearing aids to hear and to communicate

Like most persons with hearing loss who use hearing aids I often experience difficulty hearing in large gathering spaces even if a Microphone and PA System are used

On _____ (date)

I experienced significant difficulty hearing what was said when I was at your facility

If you would like to discuss this further I can be reached at:

_____ (my phone/Email)
